Tuesday, May 7 | 3:30–5:00 PM

Online via Zoom

Last year Americans lost a staggering \$30 billion to cyber scams, a 60% jump from the previous year. The cyber scammers are becoming smarter and more sophisticated and that means we need to as well! This presentation aims to equip you with essential knowledge on the world of cyber scams. We'll delve into the workings of cyber scams, uncovering who the scammers are, their methods, and their objectives. By identifying common scams and learning the signs of being targeted, you can confidently navigate the digital world. Join us to transform from potential targets to empowered, scam-savvy internet users.

Uri Pearl has always had one major passion, protecting people. He sought fulfillment for that passion through a military service specializing in counter-terrorism. Upon completion of his service and a degree in Economics from the University of Maryland, a family scam experience caused Uri to dive into the world of scams and embark on a mission to educate and protect people.

No registration is required. The Zoom link will be e-mailed to all those subscribed to the OLLI newsletter the morning of the talk.
