CLASS HANDOUTS & RECORDINGS

Most classes during the June Minis will be recorded. One of the benefits of taking classes during a particular session is access to all class recordings for that session. are posted the following business day. You must first log in to your member account in order to view the recordings. Recordings are available for viewing up until two weeks past the end of each session.

HEARING LOOPS

All of the classrooms at OLLI have hearing loops installed. "Hearing loops" are state-of-the-art "Listening Assistive" technology. There are three main parts to a hearing loop: the wire that is installed around and across the room, a microphone, and a transceiver (which picks up and amplifies the sound from the microphone). The system both amplifies the speaker's voice and suppresses background noise. We urge everyone who has hearing loss to take advantage of the hearing loops. The sound is remarkable. It's as if the person speaking is sitting right next to you.
