

# More Jazz

September 2022

## Are you ready to swing again?

Join us for More Jazz as we take a deeper dive into the popular artists, songs and styles that make Jazz music so special. Whether you're new to Jazz or a longtime fan we'll have fun listening to and watching some of the legendary performances and behind the scene stories.

We'll listen to the different Jazz Styles from Swing to Bebop, Jazz singers from Billie Holiday to Sarah Vaughan, Band leaders like Duke Ellington and Count Basie and the early women in jazz from Mary Lou Williams to Marian McPartland. Plus we'll discuss what's happening in Jazz today with artists from Melody Gardot to John Baptiste.

This is a great opportunity to continue to explore what makes jazz music so diverse, unique and exciting. We'll have plenty to listen to and watch and we'll also encourage more class participation and engagement so we can share our knowledge and experiences with each other.
