### AU 2021 Campus Plan

American University has recently completed its 2021 Campus Plan that will guide its growth for the next ten years. Among the many issues the Plan addresses are the numbers of students enrolled and staff employed; the development and renovation of academic, residential, and athletic buildings; landscaping and open space preservation; student housing and rules of conduct; and parking regulations.

The OLLI at AU Board of Directors has been tracking development of the Campus Plan for the past 18 months through participation on the Community Liaison Committee, established to foster communication between the University and community organizations in the surrounding community. University representatives made a full presentation of the proposed 2021 Campus Plan to OLLI members at our October Open House and the resulting Plan reflects extensive neighborhood engagement and consultation.

In response to a request from AU administrators, the **OLLI Board of Directors has sent a [letter of support](#)** to the DC Zoning Commission, which is currently reviewing the proposed Plan. The OLLI at AU Board is proud of the strong relationship with American University that extends beyond that of landlord/tenant in the Spring Valley Building. As the Board notes in its letter of support, the University is “an intellectually vibrant, financially secure, and community engaged partner that redounds to the benefit of OLLI at AU.”

Our AU colleagues have further requested that OLLI members who wish to do so express their support of the Plan by February 22. You can review the Plan and submit your letter via the online portal [here](#).
